TIME COMMITMENT

Studying for an exam is more than simply completing exercises. It's all about understanding what the exam requires and having a plan to make the most of the skills learnt during preparation.

This involves studying on your own in addition to the assignments and activities assigned by teachers.

Commit to 3 sessions a week per subject.

- Session 1 = 20 to 30 minutes: review concepts
- Session 2 = 20 to 30 minutes: worksheets, guided practice
- Session 3 = 40 to 60 minutes: independent practice

For SEA, this means Math, Spelling & Punctuation, Grammar, Comprehension, Report Writing, & Narrative Writing.

Create a schedule that allows you to use your time wisely.

At WERD Coach Youth, we provide everything resources, courses, and support for comprehension and creative writing. Check out our worksheets and other materials <https://werdcoach.com/shop/>.
